DEADLINE 12 FULL DAYS BEFORE THE END OF THE MONTH.

General Officer Commanding's Christmas Message

Area Commander's Message

Once again the festive season has arrived, marking the second full year of the existence of Alberta Area as part of the Canadian Army. The past year has been a very active one, and I am most appreciative of the support I have received from all ranks under my Command.

I wish to take this opportunity to extend to all residents of Griesbach my most sincere wishes for a Happy Christmas and success in the New Year.

MAIL EARLY

OTTAWA. — Deadline dates for Christmas mail destined for Canada's Armed Forces serving abroad have been announced by National Defence Headquarters.

First class mail addressed to the British Isles and Europe must reach Montreal by Dec. 11. Air parcel post for England will be in Montreal the same date but one day earlier if addressed to Europe, the Middle East and the Congo.

Air mail letters to Britain must reach Montreal by Dec. 16 and Dec. 12 if going to Europe. Ordinary parcel post and newspapers addressed to England will arrive Montreal by Nov. 24 while Nov. 10 is the final date for Europe.

Ordinary letters, parcels and newspapers must reach Montreal by Dec. 7 if they are to arrive in the Middle East and the Congo in the time for Christmas. For air-mail letters to these destinations Dec. 12 is the deadline.

Postal authorities have announced that particular care should be taken to ensure that all mail for Canadian Forces overseas is properly addressed and fully prepaid at authorized rates of postage. A customs declaration form 91B must be completed and affixed to all parcels.

At the Christmas Season most Christian minds turn to thoughts of goodwill towards all men. Under the present international climate there seems to be a great deal of ill-will between countries of different ideologies and ambitions. But among our own families, countrymen and allies goodwill will do much to strengthen our power to maintain freedom and peace. As long as we are united in our determination to maintain our freedom, to help each other unselfishly and voluntarily, we will help to Save the Peace.

On behalf of Mrs. Rockingham and myself we send our very best wishes to you all for a happy, peaceful and successful Christmas and New Year.

Griesbach Council Extends Season's Greetings

The Yuletide festivities are rapidly approaching and the Chairman and all members of the Council would like to take this opportunity to wish all residents of our Community very sincere wishes for a joyous Christmas.

Christmas Decoration Competition

The Area Commander has again kindly agreed that prizes be awarded for the best decorated homes within Griesbach which express the Yuletide spirit. The competition has been widened in scope and the prize money increased.

The following is a breakdown of the three categories and the prizes offered for each category:

CATEGORY "A"

Includes all Class 3 houses (Majors and above) and Class 2 houses occupied by Majors.

1st Prize — \$15.00.

CATEGORY "B"

Includes all Class 2 houses (S/Sgts to Captains) (plus class 1 houses occupied by S/Sgts.).

1st Prize — \$15.00.

2nd Prize — \$10.00.

CATEGORY "C"

Includes all Class 1 houses less those occupied by S/Sgts. (Ptes. Sgts.).

1st Prize — \$20.00.

2nd Prize — \$15.00.

3rd Prize — \$10.00.

4th Prize — \$8.00.

5th Prize — \$5.00.

6th Prize — \$3.00.

Twelve honourable mentions of \$2.00 each.

A Committee has been appointed by the Griesbach Association who will be responsible for the judging. Expensive decorations will not necessarily win. Judging will be based on originality and overall outdoor Yuletide effect. The Committee will pick the winners between Christmas and the New Year. Results of the competition will be announced in the Bugle. Winners will receive their prizes before January 15th, 1962.

FIRE CALLS

1548 hrs., October 1st, No. 2 School. False alarm.

2314 hrs., October 9th, 145 Ave. and 110 St., Chesterfield.

1345 hrs., October 14th, 140 Ave. and 104 St., Gas spill.

1039 hrs., October 15th, 150 Ave. and 107th St. False alarm.

1646 hrs., October 15th, 150th Ave. and 107th St. False alarm.

1320 hrs., October 29th, 140th Ave and 107th St. Precautionary.

August Vollmer has made this philosophical evaluation of the requirements for the Police Service:

"A thoroughly qualified police officer should have the wisdom of Solomon, the courage of David, the strength of Samson, the patience of Job, the leadership of Moses, the kindness of the Samaritan, the strategy of Alexander, the faith of Joseph, the diplomacy of Lincoln and the tolerance of Confucius."

BEST WISHES FOR A

Merry Christmas and a Happy New Year

from
THE EDITORIAL AND PRINTING STAFF
OF THE GRIESBACH BUGLE

COUNCIL BRIEFS

Major Bolster was chairman of the November meeting in the absence on duty of Major Hennie. All councillors were in attendance.

* * *

The Ways and Means chairman reported that 138 ladies attended the November Bingo. \$111.00 in prize money was distributed and a profit of \$65.00 was realized.

* * *

Council engaged in a lengthy discussion on the Community Rink and the Boys' Hockey League. The Recreation Chairman reported that he is investigating the possibility of entering four of our 8-12 year old hockey teams in a league with RCAF, Station Namao and Namao town.

* * *

Council authorized the Recreation Chairman to make arrangements for the purchase and resale of hockey sticks to boys playing hockey in Griesbach. In this way it is hoped to reduce the price of sticks by half.

* * *

The location of another rink in Camp was discussed by Council. This rink to be used for skating only. The Councillor for Ward 13, Sgt. Woodcock, was authorized to make arrangements with his Ward residents to flood an area of the common between Brant and Cayuga Places.

* * *

The cleaning and supervision of the Community Skating Rink again came before Council. The Recreation Chairman was authorized to arrange for a paid rink supervisor and caretaker.

* * *

A further \$750.00 was allotted to the Wading Pool Reserve Fund. This brings the total held in reserve to \$2,250.00.

* * *

Major Swick volunteered to head the Christmas Home Decorating Contest committee again this year. He will also inquire into the possibility of holding figure skating classes in Camp this winter.

DECLARE ADDITIONAL DIVIDEND

Advice has been received from V. W. Delaney, Manager, Western Canada Division of Maple Leaf Services, that the Board of Directors has ruled that an additional 6% dividend will be paid to Units on all canteen sales for the month of November, 1961.

The effect of this decision means that for the month of November, Maple Leaf Services will be paying direct to Units 12% of their gross sales for all canteens and another 2% of gross sales direct to the Canadian Army Welfare Fund at Ottawa.

PATRONIZE OUR ADVERTISERS

MOBILE "EYE" FOR ARTILLERY

OTTAWA — A radar set that can locate enemy weapons before the rounds reach the ground has been developed for the Canadian Army by the National Research Council in Ottawa.

Ten production models, to be manufactured by Rcatheon (Canada) Ltd., of Waterloo, Ont., will be ready for delivery to the Royal Canadian Artillery late in 1962 and early 1963.

The highly mobile compact unit called Radar Set AN/MPQ-501, can be mounted on all current versions of NATO armoured car-

riers as well as the Canadian Army's new Bobcat.

Besides its ability to locate enemy mortar, artillery and rocket sites quickly and automatically, it may be used for surveillance and surveying.

On picking up a projectile in flight, automatic computers provide the enemy's firing position at the push of a button. This information is passed on to the guns which can fire in retaliation within the minute.

Completely Canadian in design and development, it was demonstrated at Sennelager, West Ger-

many, to representatives of NATO countries during the summer of 1960. The equipment is said to be superior to any other radar set of its type.

It is the result of over 16 years of research and development by the Army and NRC scientists.

Mounted on an armoured carrier, the new radar set can be put into action in less than five minutes. It is completely self-contained and with its own power supply and air

filtering it combines operating efficiency with a high degree of mobility, reliability and protection.

Begin Removal Alberta's Auto Driver Licenses

The majority of Alberta's 581,201 licensed motorists will be receiving a renewal application for their five year operator's licenses during 1962 as their initial five year issue expires. Commencing December 1st of this year the first group of applicants will be sent to those drivers whose birthday falls on January 1st.

An estimated 1,700 applications per day subsequently will be forwarded 30 days prior to license expiration. Alberta Motor Vehicle Branch officials expect more than 400,000 renewals will have been issued by the end of 1962. In addition an estimated 200 new applications per day will be processed.

The heavy rush of applications

will necessitate the addition of 20 clerks to the normal 30 member staff. Renewal applicants will not be required to take driver examination provided they have not been requested to do so by the Department of Highways.

Motorists receiving their applications may take them to one of the 225 issuers in the province where a 60 day interim license will be issued, or mail them together with the \$5.00 fee to the Edmonton head office. Counter service is also provided at the Highways Building in Edmonton. Applications are being sent to the last registered address of the license holder as it is the license holder's obligation to notify the Motor Vehicle Branch of any change.

At the Edmonton central office all applications will be checked by machine to ensure the holder is not suspended from driving. The partially automatic printing and checking system has been installed to cope with the greatly increased driver population which continues to expand at a rate of approximately 10% yearly.

It is not known exactly how many drivers who first were issued with five year license will be applying for renewal. At the adoption of the new system in 1957, 433,567 license holders were supplied with the long term permit. However death, changes of residence and other factors will have decreased the total.

GRIESBACH BARRACKS NOW HAS ANOTHER NAME, "LITTLE NAMAO"

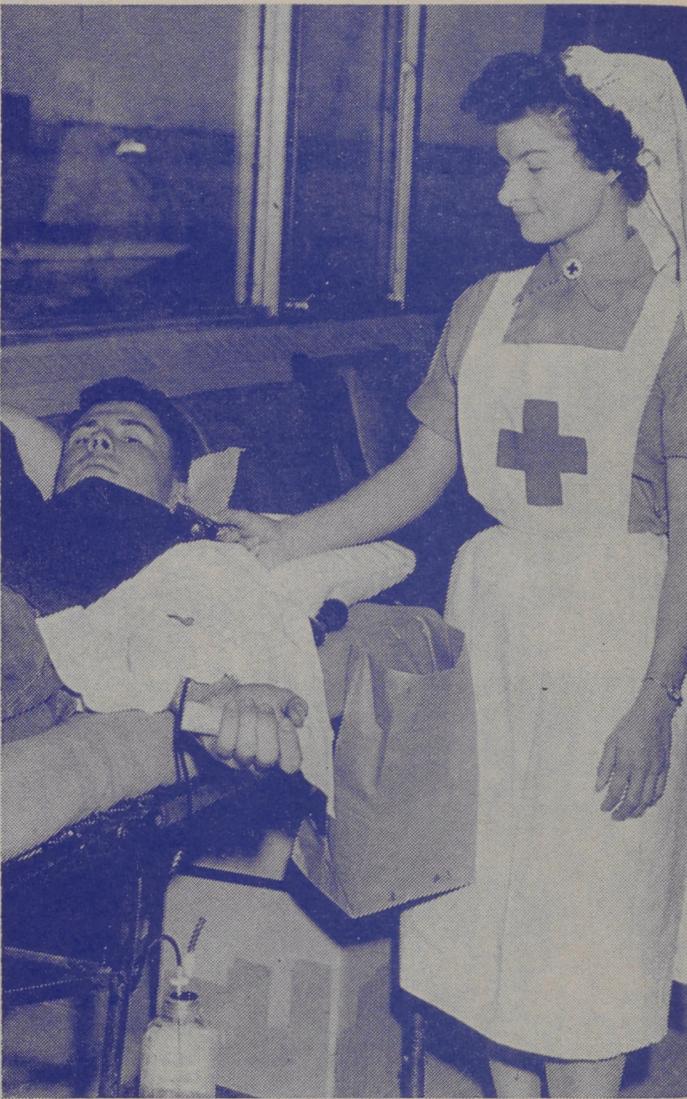

As a result of Exercise Tocsin B when an RCAF Otter landed on the sports ground to take senior officers to Penhold.

From the left, Major J. Waldie, GSO 2 Alberta Area; Brigadier J. S. Ross, Alberta Area Commander; and Squadron Leader V. Faurot, RCAF Liaison Officer at Western Command.

CF101B "VOODOO"

The CF101B 'Voodoo' is an all-weather fighter interceptor produced by McDonnell Aircraft Corporation. It is a two-place aircraft designed to execute two primary missions — the identification of unknown aircraft and destruction if they are found to be hostile. It is powered by two Pratt and Whitney turbojet engines that together, with afterburners, develop 30,000 pounds thrust, and a speed of over 1,200.

Designed to meet requirements of all weather air defence against the manned bomber, the F101B one of the main air defence aircraft of the USAF. With the RCAF flying this aircraft, many areas of the joint air defence operation, such as maintenance, servicing, deployment, re-arming and refuelling, will be simplified.

The F101B was first introduced to the USAF's Air Defence Command in 1958. More F101B are used by the USAF's ADC than any other type of interceptor.

One of the most notable achievements of the USAF's Voodoos was "Operational Firewall" — the successful assault in the world's speed record which had been held by the British. The record was topped before an F101A (predecessor to newer F101B)

"Mobile Zebra" — another USAF operation — again proved the operational mobility of the Voodoo. Leaving from Shay Air Force Base, North Carolina, the group flew to the west coast

onslaught on December 12, 1957, at Edwards Air Force Base, California. The Voodoo completed both legs of the measured ten-mile course at an average speed of 1,207 miles per hour.

Less than a month previous — on November 27 — a flight of six RF101s underscored the long range and dependability of the Voodoo in "Operation Sun Run". At stake were the transcontinental speed records of the United States.

The Voodoo's range was extended by mobile "filling stations in the sky" — giant tankers which rendezvoused with doothe Sun Ripe airplanes. Voodoo performance was flawless.

The Voodoos went on to make aerial history. Before the day was ended, all three transcontinental records... west-to-east, east-to-west and round trip... had been swept up by the Sun Run Voodoos. Record time from west to east was three hours, five minutes.

The round trip was made in six hours, forty-five minutes. The round trip was made in six hours, forty-five minutes.

"Mobile Zebra" — another USAF operation — again proved the operational mobility of the Voodoo. Leaving from Shay Air Force Base, North Carolina, the group flew to the west coast

and then island-hopped the entire Pacific to arrive in Tokyo. During the return trip a new speed record from Japan to Hawaii of six hours, three minutes was set.

The records continued to pile. Later, a flight of seven Voodoos from Bergstrom Air Force Base, Texas, completed a 6,100 mile hop to England in a record eleven hours, two minutes. Then the Atlantic was again spanned — from Washington, D. C., to Belgium in six hours, twelve minutes. And still later, three Voodoos flew 2,000 miles non-stop and non-refuelled — in three hours and nine minutes. This flight, from Kindley Air Force Base, Bermuda, to Carswell Air Force Base, Texas, was the longest non-refuelled flight ever made by a supersonic aircraft.

The F101B (note no 'C', is USAF) successfully completed its first test flight on its Canadian designation, the CF101B, have been designed with a high safety factor. Two other versions of the basic aircraft, the F101A and RF101, had the lowest accident rate of any operational aircraft in the history of the USAF during their first year of squadron service.

EDMONTON ALBERTA

Now that we have supersonic aircraft flying essential

training missions, the entire country must start . . .

LEARNING TO LIVE With a SONIC BOOM

If you've never heard a sonic boom, it won't be long before you do. And you won't have to visit an air show or live close by an air base. It may awaken you from your sleep, it may set the dishes jumping in the cupboard at any hour of the day or night, no matter where you might live.

For the sonic boom has grown up. It's no longer an isolater phenomenon, a stunt performed by a diving fighter pilot to impress a crowd. The boom is becoming part and parcel of the day-to-day operations of the RCAF's Air Defence Command. It is an inescapable element of straight and level flight at supersonic speeds.

But, what is a sonic boom?

Take a boat on a lake, it leaves a bow wave that you can see. Well, a supersonic plane leaves a sound wave of air. Back on the lake, the boat's wave will in time dash against the shore. You see it. The plane's sound wave will in time reach the ground. You don't see it . . . you hear it, as you would a thunder clap.

The sonic boom is loud enough to rouse an average sleeper or scare an average baby and will possibly be heard with no respect or consideration for the hour, the day, or the physical condition of man or beast.

If the sonic boom was a real clap of thunder, it would impose a pressure of about one-half pound on each square foot of the earth or the obstacles in the way.

What is the pressure from a sonic boom?

Not more than five pounds a square foot, which is ten times that of a thunder clap or five times the noise created in a boiler factory.

There is no doubt about it — this is noise enough to produce a public reaction, particularly if there is no understanding of how it was caused and why it is necessary. But the altitude of the plane and the loss of energy that muffles the shock of the way down will keep the pressure below the five-pound level. (These figures in pounds per square foot are all, of course, in addition to normal atmospheric pressure).

This means the boom is not strong enough to inflict structural damage on the flimsiest chicken coop. Tests have shown that it takes a pressure of seventy or more pounds to damage ground buildings. In fact, tests with nuclear explosions have shown that it takes 150 to 300 pounds a square foot to damage brick or frame building construction.

The strongest sonic boom pressure ever reported was thirty-three pounds per square foot, measured on a mountain top, with the aircraft only 280 feet away.

Except in rare cases, the sonic boom will only assault your eardrums as it strikes the ground, a building or you. It isn't going to crack the plaster or start any earthquakes. It may break a few windows. And that will be all.

These are the blunt facts about this boom caused by a sound wave speeding towards the ground at about 762 mph (the speed of sound). The air force is confident that people will not complain if they know these facts.

The first RCAF plane capable of creating a sonic boom in a dive, almost whenever desired, was the F-86 Sabre jet fighter. The pilot started to dive the plane; its speed reached the speed of sound; a sound wave was formed; it travelled towards the earth and hit the ground with a "boom." Now coming into service with the RCAF's Air Defence Command is the CF-101B Voodoo and the CF-104 Super Starfighter which will be flying for Canadian forces in Europe.

These two new planes are capable of breaking the much publicized "sound barrier", in straight and level flight. Thus they may create a continuous sonic boom that will follow their flight path creating a continuous "boom" across the countryside.

The Voodoo is being passed into operational service to protect Canada from invading bombers. The bombers will be flying at supersonic speed, so the Voodoo must do the same. Thus sonic booms will be unavoidable. They are the Sound of Security.

EXCEED QUOTA

EDMONTON, Alta. — The Army's Western Command achieved 106 per cent of its assigned quota in the national Savings Bond campaign. Lt. Col. D. G. Green, command savings bond co-ordinator announced. Total subscriptions was \$1,711,500.

There were 169 cash sales totalling \$146,350 and 5301 payroll deduction sales totaling 1,565,150.

Percentages of quotas achieved by the various areas in Western Command were: B.C. — 75; Alberta — 93; Sask. — 112; Man. 110 and the Northwest Highway System 229 per cent.

The Army's Financial Welfare Programme

Mr. Chadderton, the Manager of the Canadian Army Financial Welfare Programme, has prepared a number of articles dealing with financial welfare in the Canadian Army. These articles will be published in a six-part series for information of Army personnel and their dependents. The author of these articles has had wide experience in the fields of finance, sales and advertising. During the Second World War he served with the Royal Winnipeg Rifles and since that time has been engaged in rehabilitation and welfare work.

Its Aims and Objects and its Scope

The prospect of writing a series of articles on the Army's Financial Welfare Programme for publication in Army newspapers pleases me — but it is also a bit frightening. The pleasure comes from the fact that this Programme seems to be going along fairly well, and the troops and their wives have been asking for more information about it! The fright comes from the fact that this could be a fairly dull subject. I say to myself, "Who would read the article anyway?" Accordingly, it might help the cause if I can establish two points right off the bat. These are:

(1) The subject is not dull; in fact it is of vital importance to every soldier or dependent who has a buck to spend.

(2) Although it will be necessary to introduce some basic information (and even some figures), this series of articles will represent a down-to-earth attempt to provide knowledge about the Programme in a light and understandable manner.

Before we go half-a-line further, I would wish to explain the theory behind this Welfare Programme. The very word "welfare" makes me shiver and I am sure that some people have the impression that this Programme is designed only for the "deadbeat" who makes up a small minority of the

ATTENTION BABY-SITTERS

It is proposed to republish the list of baby-sitters in the next issue of the Bugle. All those wishing their name included, should contact Mrs. R. G. Deakin at PMQ 277, 10112 - 146th Ave., or phone her at 474-4404.

Information provided must include name, age, PMQ number and phone number, if any.

BABY-SITTERS WHO DO NOT SUBMIT THEIR NAMES BY DECEMBER 10th, WILL BE PRESUMED POSTED OR NOT INTERESTED AND WILL NOT BE INCLUDED IN THE NEW LIST.

The following is the code of ethics by which baby-sitters have agreed to abide:

(a) If they agree to baby-sit, they will report to the parent concerned at time agreed upon.

(b) They will sit alone and will NOT have any visitors, unless specifically authorized by parents concerned to have guests. (Sitters will discourage guests from visiting them while baby-sitting).

(c) They will not "raid" the fridge unless something is left for them.

(d) They will look in on children as directed by the parents.

The agreed fee for teenagers who abide by the above code of ethics is:

35c per hour until 1:00 a.m.

50c per hour after 1:00 a.m.

For the above fee baby-sitters will not be required to do house work.

A sitters' list will be published periodically, however, deletions and insertions will be published monthly. Teenagers who do not abide by their code of ethics will be removed from the list of baby-sitters submitted to the Association.

BABY SIT:

In own home 8:00 a.m. to 4:30 p.m., Monday to Friday inclusive. Phone GR 9-6004, 10304 - 148th Avenue, PMQ 383.

CLASSIFIED

Griesbach School District No. 5028 invites applications from residents of the Griesbach community who are qualified teachers and interested in SUBSTITUTE teaching. Interested parties are asked to phone Mr. W. V. McNeill, Superintendent, GR 9-4811, Local 247.

EDMONTON, Alta — Drum-majors from across Canada will congregate at Camp Wainright from Nov. 19 to 25 for a special drum-major course, it was announced at Western Command headquarters, Griesbach Barracks.

Twenty-three army men and one constable from the RCMP will take the baton-twirling instruction.

Chief instructor for the course is Capt. A. Brown, command inspector of bands. Instructors are Drum-major W. Taylor of the PPCLI band and Sgt. W. J. Harris of the 2nd Battalion, PPCLI.

While the art class was setting up a Christmas scene on the school lawn, one of the boys asked uncertainly, "Where shall I put the three wise guys?"

SANTA COMING

EVERY DAY OF HIS STAY.

He has something for everyone! ALL CHILDREN MUST BE ACCOMPANIED BY A PARENT OR OLDER CHILD

Hats off to the Fire Department

Due to circumstances beyond our control, we omitted tribute in our last issue to the Griesbach Fire Department and all who participated in the Fire Prevention Parade in October.

To those who witnessed this "Pied Piper" procession, it was worth the trip. The variation of costume and originality of slogans could only be the result of many hours of work and thought by those taking part.

In taking time to perform this community service, Fire Chief Hauglum and members of the department are to be commended. They have always stood ready to assist various youth groups in the area, and this display of co-operation is one more indication of the importance of their part in our community life.

Announce Promotion

OTTAWA — Colonel Willis J. Moogk, OBE, CD, of Ottawa, Niagara-on-the-Lake and London, Ont., will be promoted to the rank of brigadier Dec. 15, and will continue in his appointment of Commander, Saskatchewan.

Col. Moogk was appointed Commander, Saskatchewan Area with headquarters at Regina in September 1959. The decision to upgrade the appointment to the rank of brigadier came with the increased size of efficiency of the Saskatchewan Militia and the importance of the Army's role in National Survival there.

Saskatchewan Area will recruit 4,000 militiamen under the new special militia training program.

ANGEL HAIR AND SNOW

The National Fire Protection Association has issued an urgent warning against the use of a combination of "angel hair" and spray-on "snows" as Christmas decorating materials.

The materials are marketed by various manufacturers and are both labelled "nonflammable."

Individually these materials do not create a fire hazard. However, used in combination, a condition is created in which only a touch of flame is needed to produce a burst of fire.

Manufacturers of the spray-on "snows" are being queried to see if they have investigated the phenomenon and are seeking ways to eliminate it.

Fire Chief A. P. Hauglum.

CHRISTMAS IS THE TIME TO BE EXTRA CAREFUL

Every year, from a few days before Christmas to the week following New Year's, a plague of fires rage up and down the country. Many of these fires result from the extra hazards which exist only during the holiday season and from carelessness that would not be tolerated at any other time.

Little careless acts — that seem so unimportant at the time — cause these holiday fire tragedies. In one instance a man ignited a match with his thumbnail; the burning head flew into a Christmas tree and a mother and three children died in a fire that destroyed their home. . . . A neglected toy electric train ignited a Christmas tree in a hotel and four people were burned to death. . . . The simple replacement of a frayed cord would have saved 47 patients in a convalescent home from injury and death, all victims of the faulty wire which short-circuited and touched off the combustible decorations around their Christmas tree.

These tragedies are all so needless if you will take a few minutes to read and follow the simple fire safety rules listed below.

THE TREE

Cut a growing tree or try to buy one that hasn't dried out from prolonged storage. (When too dry, tree branches are brittle and shed needles easily.)

Stand the tree in water or snow outdoors until you're ready to use it indoors.

Bring the tree indoors just before Christmas and take it out as soon afterwards as possible.

The larger the tree the greater the hazard, so don't get one any larger than you need.

Just before setting up the tree, saw off the trunk at an angle at least one inch above the original cut.

Place the freshly cut tree trunk in water and keep level of water above the cut the entire time the tree is indoors. (Check the water level at least once a day for absorption and evaporation).

Support the tree well. Don't put it near sources of heat (fireplaces, radiators, etc.) or where, standing fallen, it could block the way out of the room and out of the house in case of fire.

LIGHTING

Do not use candles on the tree or nearby where there is any chance for an open flame to contact the tree or combustibles piled beneath the tree.

Use only electric lighting sets that bear the UL (Underwriters' Laboratories) label.

Check lighting sets each year before using for frayed wires, loose connections, and broken sockets.

Don't plug too many cords into one outlet.

Make certain that all tree lighting is turned off before retiring or leaving the house.

Decorations and Wrapping

Don't let Christmas wrappings accumulate in the home; place them in your metal covered trash barrel.

Use non-combustible material (metal, glass, asbestos, etc.) to decorate the home for Christmas wherever possible. When you must use combustible materials, be sure they are "flameproofed," particularly if they are to be anywhere near the tree.

Untreated cotton batting, paper and certain cloth costuming will ignite easily and burn with great intensity unless they are "flameproofed." Santa Claus whiskers have caused Christmas tragedies;

be sure they are "flameproofed," too.

GIFTS

Don't buy pyroxylin plastic toys, dolls or non-flameproofed cowboy suits, etc. Toys operated by alcohol, kerosene or gasoline are especially dangerous; they may upset and set fire to children's clothing, the tree, or to the house itself.

Look for the Underwriters' Laboratories label when buying electrical toys. This means they have been tested for fire and shock hazards and may be considered safe if properly handled and maintained.

Don't set up electric trains or spirit-fueled toys under a Christmas tree.

AND DON'T FORGET

Don't allow smoking near the

tree amidst decorations or piles of wrappings; have plenty of safe ashtrays around and use them.

Plan on what you must do if fire breaks out.

Guard against flying sparks from a fireplace with a substantial screen and don't use the fireplace to burn up Christmas wrappings and decorations.

Keep matches, lighters and candles away from tiny hands. Have water-type fire extinguishers that work, buckets of water or even your garden hose connected to a faucet, within reach of the tree. If fire should strike, first get everyone out of the house and then call the fire department immediately before attempting to fight the fire yourself.

EDMONTON, CALGARY, REGINA, WINNIPEG

On Board H.M.C.S. Bonaventure

There is a Canadian Army Officer serving on board this aircraft carrier who has attained a unique qualification in his service career. He is Captain W. Donald Creighton who qualified earlier this year as a naval clearance diving officer when he took a diving course at the RCN Diving Establishment in Dartmouth, N.S., in May of this year. His normal duties are those of Ground Liaison Officer in the carrier.

He is believed to be the only person in the Canadian Army to qualify professionally as a Clearance Diver since the Second World War. Capt. Creighton was posted to the Bonaventure a year ago from the 2RCHA, in Winnipeg, as carrier-borne Ground Liaison Officer. His small organization, plus Dental Corps people, bring to 10 number of personnel in Army uniform braving the briny deep in Canada's biggest warship.

(National Defence Photo)

10 S.D.B. News

With the passing of Annual Refresher Training, leave and hunting were the order of the day for those fellows with pass in pocket and fowling piece under arm. S/Sgt. "Bozo" Clarke, our estimable CQMS, bagged what has to be considered as the two most expensive ducks ever hunted in these here parts, podner! Estimated cost in cash, \$50.00 each, plus all those hours of wet, windy, miserable weather. What price ducks for foolishness!

"The Bull of the Woods", in the person of S/Sgt. "Bob" O'Dell, stalked in several weeks ago after spending a week near Rocky Mountain House, sans razor, naturally! Reported hundreds of deer in evidence, all does! This, while it is certainly good news for the bucks, does not put venison in the larder. We are certain that the "Staff" wasn't spotted, at least there are no reports from that area of game being frightened to eral in twenty-one years!

death.

Recently returned to the fold from Camp Borden, after successful completion of an Adm Clerk Gp 3 Course, L/Cpl. McGrath expressed himself as being delighted to return to good old WC and "Sunny" Alberta.

Another successful contender for pay and promotion has just returned from Camp Wainwright, smile on face and Jr. NCO certificate in hand. Questioned in regard to the course, Pte. Martens, with straight face stated clearly and succinctly, quote: "It was tuff — real tuff." Keep up the good work, chum, and remember — courses get "tuff & tuffer."

Our congratulations to Lt. E. W. Ritson on his recent promotion to Sub-Lt. All things being equal, and figured at the present rate of promotion, that is to say a step up each and every three years, there are no reports from that Lt. Ritson could be a Major General in twenty-one years!

2 PPCLI Report

General News

From the 14th to the 16th of November the battalion held the New Soldier - New Subaltern Boxing Tournament. All ranks made an excellent showing and were congratulated by the CO on Friday, the 17th, on a battalion parade.

The first shakedown exercise for the Airborne Company began in Wainwright on November 28th. A second exercise in which the entire battalion will participate, will be held the second week in December.

Everyone is invited to attend the Inter Company boxing finals to be held on December 8th. It is hoped that all members of the Patricia Home Station will be out to cheer on the contestants.

Officers' Mess News

A Sadie Hawkins Day Dance was held in the mess on November 10th. The subalterns provided some entertainment in an unusual form by raffling off a piglet and four roosters. It is rumoured that the proceeds were to go to the subalterns' favourite charity, the

SPA (Subalterns Protective Association).

There will be, as usual, quite a number of officers gathered in the mess to watch the annual Grey Cup game. Any garrison officers who would like to join are welcome.

Sergeants' Mess News

The Sergeants' Mess curling league began the season's activities with a President and Vice-President Competition on the 29th of October. The Vice-President's rink won handily. They walloped the President's rinks 43 to 21. After the game members retired to the mess for refreshments.

In the annual challenge soccer game between the officers and the sergeants, the sergeants won easily, of course. We are looking forward to the same success in the curling contest which we hope will have been held on the 25th of November.

The mess welcomes the following first battalion sergeants now here with the PPCLI Depot: Sgt.

Edington, Sgt. Kenny and Sgt. Davies. At the same time we wish Sgt. Gibson all the best in his new posting to Vancouver.

"D" PACK NEWS

Our congratulations to Ricky Ryall, Sixer of the Red Six, and Robert Goodwin, Second of the Blue Six, on their recent promotions. Congratulations also go to Michael Gilday and Billy Alexander on their first year stars, and to Darrel Green, Bob Gillingsham and Paul McGuire on their investiture.

Assistant Cubmasters Lena Kinsman and Brian Green report that they received many good ideas and had a lot of fun at the Handicraft night held recently at Regional Headquarters.

Brownie Motto

"LEND HAND"

On behalf of the leaders of three Brownie Packs I should like to say THANK YOU to all of you who were so very generous, not only with treats but with the pennies for the HALLOWEEN SHELL-OUT FOR UNICEF. It was most gratifying to be able to send in a cheque for \$97.00 for this most worthy cause.

No. 1 Pack, Mrs. Jean Nickerson, \$28.00.

No. 2 Griesbach Brownie Pack

Brown Owl — Doris Church

Quite a lot has happened since our last report. Mrs. G. S. Starkey is now our new Tawny Owl. The following Brownies were enrolled on November 8th: Barbara Gelinas, Stephanie Hawkins, Betty Johnston, Sandreal Woods and Mary Dupe.

Three Brownies were transferred to us from other packs: Patsy Murphy, Glenda Ritchot and Janice Pearson.

Proficiency Badges were given to:

Betty J. Smith — Book Lover.

Karen Fox — House Orderly.

Golden Bars: Heather Macdonald and Patsy Murphy.

Sixer Stripes: Janice Command and Betty J. Smith.

Second Stripes: Irene Tchekemian, Kathleen Church, Heather Macdonald and Karen Fox.

1st Year Stars: Glenda Ritchot,

BROWNIE AND GUIDE MOTHERS

Due to the numerous children joining our organization, it has become apparent a new local must be formed. A discussion will be held at the regular November meeting.

We wish to thank the St. John's church W.A. for allowing our Guides the use of a candy booth at the recent Bazaar. Proceeds of the sale assist in the Guide headquarters building fund.

At the moment a Globe-trotter badge tester is required. Anyone interested may contact Mrs. Murphy.

Brownies and Guides wishing to compete in handicrafts should obtain information from their Guides as soon as possible.

Mrs. Grant and Mrs. MacLean are to be congratulated on the arrival of their new daughters.

SCOUT FINANCE

In the Scout movement — across the world — finances are arranged so that each Headquarters supports the next higher Headquarters. The Dominion Headquarters is supported by the ten Provincial Headquarters and each Provincial is supported in part by the various Regional Headquarters in the province. The Regional Headquarters in turn are supported by the various Groups in the region. Our Griesbach Group then, must provide financial support for Edmonton Regional Headquarters.

Griesbach Boy Scout Group Committee 61 - 62 budget, which follows, shows where the Committee expects to raise the money and where it will be spent.

Income:

"Bob a Job" Week	\$155.00
Xmas Card Sales	150.00
Paper Drive	150.00
Bottle Drive	170.00
Rebate on Equipment Purchases	50.00
Ladies Auxiliary	200.00
Swap Shop	160.00
Griesbach Fair	100.00
R. M. Scott Memorial Fund Camp Subsidy	165.00
	\$1,300.00

Expences

Alexandra Local Guides & Brownies	\$100.00
Summer Camps 3 Weeks	225.00
a \$75.00 each	
Father and Son Banquet	100.00
Troop and Pack Events	100.00
Purchase — leader uniforms	100.00
Leader's Courses	75.00
Edmonton Council Donation	600.00
	\$1,300.00

You will have noticed that we provide \$600.00 for Edmonton Regional Headquarters this year. This sum is based on an assessment of all Scouts and Cubs registered in the Edmonton Region.

And what will the Regional Council do with this \$600.00?

The Regional Headquarters is housed in an old

burnt out army hut. The burnt centre portion has been cut away and the ends pushed together. This very limited space presently houses the Regional Headquarters staff of three full time Scouters and two full time clerks. Here the staff look after the equipment, correspondence, phone calls, training, administration, advice and encouragement required to service 8,000 Scouts and 1,000 leaders and committee members in the region. Here they run courses for leaders, store pamphlets and publications, direct training programmes, run Scout Camps and still, somehow, manage to obey the 8th Scout Law. (Ask any Scout).

In short, the accommodation at Regional Headquarters (10950 - 121 St.) is woefully inadequate.

Scouting is increasing year by year. We expect an increase of 2,000 in the next two years and already

have noted an increase of 500% in camping over the past two years. Over 1,500 boys camped last year.

To house and expand Regional Headquarters a building fund has been set up and of the total required, one third will be raised by the Groups within the Regional Council. The other 2/3 will be raised by the finance committee of the Regional Council. It must be borne in mind that while the Scout Association is a participating member of the United Community Fund, money derived from that fund can not be used for building, buying land, camp sites or any capital projects.

The individual Scout (and his parents) support Scouting financially in the following ways:

He buys his own uniform. Pays \$1.75 per year registration.

Pays weekly dues (usually 5c).

(Continued on page 10)

Important Message to Youngsters and Parents

The Griesbach Archery Club is now in position to accept applications from boys and girls 13 years and over to join as junior members and thereby become proficient in the oldest and finest family sport — ARCHERY.

Consideration will be given to applicants based on age, physical qualities and good scholastic standing. We cannot allow any member's schooling to suffer as a result of club activities. Parents are required to give their consent and are asked to carefully consider the above points.

Due to limited facilities, we can offer this opportunity to only 6 boys and 6 girls at this time

and names of further applicants will be placed on a waiting list. Those not chosen for this first group must not become discouraged, as in time if all goes well, all applicants will be considered.

Applicants will be notified as soon as possible, whether accepted or not. Shooting for successful members will commence after the New Year and they will be accepted into regular adult teams after a certain period of instruction.

Club shooting is carried out in the PPCLI Drill Hall on Mondays and Fridays starting at 8 P.M. Sharp. Club fees will be \$3.00 per year, with equipment supplied.

So get busy and fill out the following application form —

TO: Sgt. O. N. MANDZIUK

December 10th, 0900 hrs., Holy Communion ACC.

1100 hrs., Morning Worship

December 17th, 0900 hrs., Holy Communion ACC.

1700 hrs., Sunday School White Gift Service and Concert.

December 24th, 0900 hrs., Holy Communion ACC.

1100 hrs., Family Worship.

1200 hrs., Holy Communion UCC.

1700 hrs., Children's Christmas Carol Service.

2300 hrs., Carol Service.

Midnight — Choral Eucharist.

Christmas Day

0900 hrs., Holy Communion ACC.

December 31st, 0900 hrs., Holy Communion ACC.

1100 hrs., Family Worship.

Every Sunday

0945 hrs., Bible Class (Conference Room).

1045 hrs., Sunday School (No. 1 School).

1100 hrs., Creche and Kindergarten (Conference Room).

Sunday School White Gift Service

The Sunday School White Gift Service will be held in No. 1 School on Sunday, December 17, at 7:00 p.m. As usual, the children are asked to bring their gifts wrapped in white with no names attached. Gifts may consist of canned goods, clothing or games. In the case of clothing or games, age and sex gift is suitable for, should be indicated on the outside of the wrapping, e.g. boy age 9. The White Gifts will be used to help needy families in the Edmonton area over the Christmas Season.

The children will present a concert and tableau and parents are asked to come with their children to join with them in the great Christmas carols and to watch the program. This program has annually been one of the high points of the Sunday School year.

Please note both Christmas and New Year's Sundays are family Sundays and no Sunday School will be held. Parents are asked to attend Chapel with their children.

Christmas Services

The schedule of Christmas Services is listed above. On Sunday, the 24th, at the morning Service,

the three choirs will present a Christmas program of music.

A special Children's Carol Service will be held at 7:00 p.m. Either a coloured film or film strip will be shown and the children's choir will lead the singing of the carols. This service will be especially for children up to twelve, but anyone may attend.

The traditional Christmas Eve Carol Service will be held this year at 11:00 p.m. and will take the form of the Christmas Story read by various readers and a goodly number of carols. Come and sing with us the beautiful Christmas Carols. As the carol service will be followed by the Communion Service, the congregation should feel free to attend only part of the carol service if they desire. They may enter during the singing of any one of the carols. There will be a slight break between the carol service and the Choral Eucharist to allow those who wish to leave and others to enter. Carols will be sung during this intermission.

CHRISTMAS

Once again the season of Christmas is upon us and our minds are occupied as to what we should give our families and friends as a Christmas gift — a gift in token of our love and good will toward them. In our country there are few homes unable to afford gifts and few homes too rich for such gifts to be welcome.

This custom of showing our love and good will is a commendable practice not only because it promotes mutual good will but also perpetuates the great gift which God gave to man on the first Christmas Day. This was the gift of His own dear Son, the manifestation to the world of His wonderful love. "For God so loved the world that He gave His only begotten Son."

The preparation of the world for the birth of Christ had been long and thorough. Man had learned his own weakness, misery, and sin by many years of experience. He had learned his own helplessness for he had tried many remedies but all had failed. So the world longed for a deliverer and "When the fulness of time was come, God sent forth His Son." With the gift of His only Son came that regenerating force of love which was slowly but surely to counteract the forces of evil; which was to win to God the hearts of men and to show to the world the power of a Christian life in the saints of God.

Think of the joy on that first Christmas — angels, shepherds, wise men, gathered around the cradle of Bethlehem — representatives of heaven and earth. There we had the lowly and the exalted, the ignorant and the wise, the poor and the rich, rejoicing in that first Christmas gift.

God gives to each one of us now the same gift — His dear Son; the same power and divine love. "For unto us a child is born, unto us a Son is given."

Each Christmas Christ comes to us as a little child asking for our love and life. He lived 33 years on earth amid suffering and trial of every kind to teach us how to live. He died upon the Cross to free us from the bondage of sin and to give us power to live. Shall we not then strive to give our lives to His Service? If we do, we shall find not only our highest duty but our truest happiness; for His service is perfect freedom and the bonds which bind us to Him are the bonds of love.

To mankind, Christmas is the promise of peace to men of good will. For God in Christ will change us, will transform us, will respond to our faith with His wonderful gifts of grace. Christmas not only involves a Babe in a manger but its significance is in the Incarnation when the "Word became flesh and dwelt among us."

"Behold I bring you good tidings of great joy which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord."

THE PADRE.

Our Lady of Fatima

CHAPEL NEWS

The Forty Hours Devotion to the Blessed Sacrament held recently was extremely well attended and the Chaplains wish to congratulate and thank all the parishioners who so conscientiously participated in this beautiful ceremony.

The Knights of the Altar have been very faithful in their attendance at the weekly practices and as a result their progress is evident in the way they are serving Mass. Keep up the good work, boys!

The new kneeler will be installed soon, thanks to the success of the raffle. Winners were Cheryl Steil and Rita Eagle.

On December 8th, the feast of the Immaculate Conception, there will be Masses at 9:00 a.m., 4:10 p.m. and a special service at 7:00 p.m. at which the Junior and Senior Choirs will sing.

With Christmas fast approaching we need senior choir members to help master the beautiful Four Part Mass composed by our past director, Andre Van Lieshout, and chosen to be sung at this great feast. Practices are held every Monday at 7:30 p.m. at the Chapel.

Baptisms for the month were as follows:

Daniel Ronald Nadeau, son of Cpl. and Mrs. Ron Nadeau.

Kathleen Claire Johnson, daughter

of Cfn. and Mrs. David Johnson.

Joseph Robert Gordon Bell, son of Pte. and Mrs. John Bell.

C. W. A. NEWS

The turnout for our meeting on November 7th, was most encouraging, and the interest shown by our new members promises to make our projects for the coming year very interesting and successful.

Since our last report, more donations have been received for the Migrant Centre, and we were able to deliver two truck loads of clothing to the Centre. May we ask that during the winter months, you collect all extra clothing and either deliver it to the RC Chapel at any time or save it until spring when we plan to hold another drive. The following excerpt is from a letter written to the C.W.A. by Dorothy Phillips of the Centre:

"Please express our thanks to the members of the C.W.A. of Griesbach, and also to the others who contributed toward the wonderful collection of clothing which was made for us recently."

"At the present time there are over 600 people coming every week to our clothing centre, so you can see that our need for all types of clothing is very great. Your collection for us will go a long way toward filling these needs."

This is an indication of the great need that exists in our city for our continued generosity.

The next meeting of the C.W.A. will be held on December 5th at 8:00 p.m. in the Chaplain's Quarters, when our Christmas plans will be finalized.

W. A. Meeting Notes

We are happy to welcome to our last meeting, Mrs. J. Cardy, wife of Col. J. Cardy, Command Chaplain and Capt. and Mrs. SH Clarke, 2 PPCLI Chaplain. At the end of the meeting Padre Nickerson joined us and introduced Padre S. Clarke, newly arrived chaplain from Borden.

The sum of \$400 was voted to be sent to our mission project Ludhiana-Vellore. We are saving a stained glass window for the church, so \$25 was transferred into our "Window Fund". The money for this fund comes from our Birthday Bank and from various donations through Baptism, marriages, etc. It may take us a few years to achieve our goal but it will be a wonderful day when the W.A. places a special window in the Chapel.

For our meeting on November 28, our Program Convenor has arranged a Flower Arranging Demonstration by Mrs. Muriel Wyley of Park Plaza Florists.

Mrs. Nancy Jackson and her committee are planning a Xmas Party for W.A. members, which is to be held on Dec. 12 at 8 P.M.

We hope to see all the members turn up for the party.

SCOUT FINANCE

(Continued from page 9)

Pays about \$10.00 for a week's camp.

It will be readily understood, however, that the ten dollars for camp buys his food and take into account buildings, tents, ropes, cooks, rent, taxes, insurance, transport, leaders postage and the dozens of others expences in connection with running a camp.

The Group Committee needs the support of parents and Scouts in many many ways.

Leadership of Scout Troops.

Leadership of Cub Packs. Supervision of Sales of Christmas Cards, Apples, etc.

Supervision of Paper and Bottle Drives.

Operation of the Swap Shop.

Supervision of Sports.

Committee work.

Financial Support of Fund raising projects.

Moral Support.

With the whole hearted and educated support of parents, Scouting can be an important character building experience in the life of a boy. Without your support, Scouting soon becomes impossible. Wouldn't you like to help to build better citizens for tomorrow?

'Teen Topics

November 4th ended the football season for the Griesbach Senior Rams in a game with Alberta College. The Rams are to be congratulated on a fine season for a group of boys who had never played together before. They stood third in a league of eight teams. We would like to thank all the parents who supported us, and especially those who gave up their time to drive the team to their games.

The evening of November 4th, a C.J.C.A. platter party was held in School No. 2. It was M. Cd. by Don Lamb. The dress was "hard time", with a prize going to the best dressed "tramp." Our thanks go to Don Lamb for a very enjoyable evening.

Teen curling started on October 27th with a large number turning out. There are two leagues which play during the week. The "A" league, made up for the most part of curlers of at least one season, has eight teams which play on Fridays. The "B" league, which

(Continued on page 11)

THE SENIOR RAMS

Back row (left to right) — R. Donhue, B. Lucas, H. Codner, F. Dunn, J. Carlyle-Bell, B. Patterson, D. Hodges, D. Arril, F. Hobson.

Centre row — R. Temchuck, J. Salmond, P. Foley, J. Patterson, R. Caesar, J. Hamilton, K. Newberry. Front row — G. Armstrong, W. Armstrong, B. MacLellan.

Missing — Dale Burgess, Head Coach; Sgt. R. Patterson, Trainer; Sgt. J. Aucoin, Manager; J. Schellemburg.

On the Broom

After getting away to a slow start, due to the usual "circumstances beyond our control", the members of the Griesbach Ladies Curling Club have now settled down to serious business. The delay proved to be very worthwhile. Thanks to Sgt John Coombe, who conducted two clinics dealing with everything from "through the door" to "in the back" to "on the broom", the beginners already look like curlers, and the veterans look as though they listened well. At press time, one rink (number 7 skipped by Anna Hamilton) has a perfect record of wins. Spares are needed for the Tuesday league. Please contact Eileen Mills at GR 9-7766 if you have time to curl with us.

Before the season was a week old, our second or "B" league was formed. Members were recruited from various curling groups in Griesbach, and six rinks are in action each Friday at 1:30. The reason for organizing yet another league is simple — we like to curl!

Already we have received, and accepted, an invitation to curl out of camp. The ladies of the Avenue Curling Club in the city invited two rings to join them on Nov. 16 for coffee, curling, lunch, curl-

ing and tea. The Tuesday Club was represented by Doreen Meisner's rink, and the Friday group by Inga Freeman and gals. Taking part in this special event were 6 visiting rinks and 6 home rinks. Avenue Curling Club pins were presented to the members of the Meisner rink as an award for the highest total score among the visitors. The ladies tell us they had a wonderful day. Maybe "the bonspiel bug" will bite early this year.

TEEN TOPICS

(Continued from page 10) plays on Tuesdays, has seven teams of first year curlers.

On Friday, November 17th, a Sadie Hawkins dance was held in School No. 1. The "Continentals" were featured, which led to a large turnout and everyone had a wonderful time.

Membership cards are still on sale, so if you want to save money for yourself at our dances, you would be wise to purchase one now, as well as helping yourself to save money, the money from the sale of memberships is put to use in a way that will be beneficial to all of the Griesbach Teens, by financing more dances and entertainments, etc. So buy now!

Ice For Rent

Griesbach Curling Club

Ice is available for casual curling at various times on Saturdays. Make up a party and have fun!

Contact Capt. Lucas at Local 238 or in evenings at GR 9-7764.

results in susceptibility to injury, Dunn with 31 and Patterson at 26. overfatigue, and bad play. Mr. Burgess dressed only 13 players for Saturday afternoon's game at Kinsmen Park. Our worst fears were realized as six players, including the three top scorers and the Q.B. were injured early in the game and the fresh Alberta College team wracked up a score of (shudder) 86-0 against Griesbach's second string.

Season's Summary:

September 23rd, Rams 27; Jasper Place H.S., 20.

September 30th, Rams 20; St. Anthony's College 19.

October 4th, Rams 51; Concordia College 18.

October 8th, Rams 27; Namao A.F.B. 0.

October 14th, Rams 20; Barrhead H.S. 12.

October 21st, Red 19; Green 6.

October 28th, Rams 12; St. John's College 27.

November 2nd, Rams 14; Westlock H.S. 28.

November 4th, Rams 0; Alberta College 86.

The team, the smallest in the league, ended up in third place on the strength of 5 wins and 3 losses. Head Coach Dale Burgess is sincerely thanked for his work with the team as is Manager Sgt. Aucoin and trainer Sgt. Patterson. Salmond scored 44 points to become high scorer, followed by

Rams Falter — Fall

Intersquad:

Westlock couldn't make it down October 21st, so an intersquad game was played in which Fred Dunn's Red team beat Jim Salmond's Green team 19-6. Dunn scored 13 points and Patterson 6 against the Green's only major by Salmond. Our thanks to Major Callaghan for arranging to have the field cleared of snow.

First Loss:

A two-week layoff hurt the team in their struggle against St. John's College. It was October 28th, a home game, and the favoured Rams went down, under sloppy play, 27-12. However, Griesbach is still in first place despite the upset. Buddy MacLellan and Jim Salmond each scored on pass-run plays and another by Jim was called back on a minor infraction. The food and hot chocolate after the game was deeply appreciated.

Westlock:

The Seniors, still not up to par "went down swinging" to a hard charging Westlock team 28-14 at Coronation Park, November 2nd. Tse team showed some improvement but was not sharp enough. Jim Salmond and Bob Patterson scored major by receiving passes in the end zone. Another T.D. was missed by mere inches. Many cases of bruised ribs were reported and MacLellan and Hobson suffered a gouged eye and pinched shoulder serve respectively. The team must now take Alberta College to make the final "Little Grey Cup Game."

Rams Don't Make It!

Even in professional football two games in two days is considered inadvisable and bad scheduling. Yet this is just what our High School Rams were required to do recently. This is a situation which

APPOINTED D.G.A.P.

OTTAWA. — Colonel H. A. Phillips, OBE, CD, of Ottawa and Victoria, B.C., will be promoted to the rank of brigadier, Jan. 15, and appointed Director General of Army Personnel, Army Headquarters announced.

Commissioned in the Royal Canadian Dragoons in 1931 Col. Phillips has held the appointment of Director of Army Personnel since September 1959.

BANTAM FOOTBALL

The Junior Rams, a tough team all season, clobbered the Jasper Place Lions 32-0 on October 22nd. The team picked up 11 first downs against 5 by the Lions. Q.B. Jim Patterson completed 8 of 11 passes while J. P. made only three passes good. Cooke, Green and Smith scored on passes, while on the ground Chuck Brown scored 12 points. Pasch got a 2-point safety-touch. Newcomer Gary Armstrong did a fine job as fullback and Pasch played a good defensive game.

The final game of the season which took place at Kinsmen Park on October 29th, resulted in a 12-12 tie with Tom Smith and Jack Hamilton scoring for the Juniors. The mud hampered play as Griesbach picked up 7 first downs vs. D. Only 2 of 5 passes were completed but they both resulted in a major score.

All things considered it was a fairly successful season as the team won 2 games, tied 1 and lost 4. But they gave the league leaders a real scare although they lost and next year should be able to build on a core of veterans to produce a champion. Inexperience was the team's biggest hurdle.

The Bantam team was made up of: A. Armstrong, G. Armstrong, C. Brown, G. Brown, J. Brown, Cardinal, Coob, Corbett, Duncan, Gardner, Green, Hamilton, R. Hicks, B. Hicks, McConnell, MacLellan, Cullette, Pasch, Patterson, Post, Cooke, Scurr, Sibley, Smith, Stewart, Weber, Wilson, Peatman.

Better luck next year, gang!

TOWN TALK

May I take this opportunity to express my admiration for our Guide and Brownie leaders and the wonderful job they are doing. So few mothers know what exactly goes on behind the scenes, when we send off our girls in blue and brown to their various meetings. I didn't realize, until I came out to help myself, how much time, patience and understanding is spent on these youngsters. Not having a cub or scout, I cannot speak personally of the male side of great movement, but they are equally deserving of praise. Witness the monthly collection of paper and bottles! The local association is a grand way of getting to know more about your Guides and Brownies — do take advantage of their meetings.

Mrs. Anne Wray has been looking after one aspect of Guide training. As a qualified Red Cross instructor, she has been teaching swimming to Guides who are working for their first class and swimming badges. Every Thursday evening at the Victoria Composite High School Pool, Guides are being taught to swim under expert guidance. Ten lessons cost \$2.00 — and are worth every penny. Among our own Guides who have been taking these lessons are Lorraine Anderson, Marilyn Kitchen, Margaret Taylor, Hilary Kemsley, Shirley Crerar and Carol-Anne Wray who is working for her Bronze Medallion.

Thank you again, ladies, for helping our daughters become good citizens.

Sergeants' Ladies Club

The monthly meeting of the Sgt's Mess Ladies Club was held Oct. 23 and we had a very good attendance. Our entertainment committee came up with the novel idea for a White Elephant Auction. It was a huge success and enjoyed by all present. Our thanks to Lee Taylor for entertaining us on the piano. The ladies really had a good old sing-song.

As this will be the last report till after Christmas we take this opportunity to wish all in camp compliments of the season.

Your Executive

ST. JOHN'S W.A. HOLD SUCCESSFUL BAZAAR

From colored poodles, grown-up doll's hats and a variety of Xmas baking, a selection for every member of the family could be purchased at the W.A. Christmas Bazaar held on the 4th of November in No. 1 School. Guests were welcomed to this annual event by Padre Nickerson. Mrs. H. Wray, Bazaar Convenor and Mrs. L. Jarvis, president of St. John's W.A.

Invited to pour tea were Mrs. J. M. Rockingham, Mrs. J. S. Ross, Mrs. T. Gibson, Mrs. J. Cardy, Mrs. C. D. Neve, Mrs. H. A. Millen, Mrs. L. Kinsman, Mrs. E. Goddard, Mrs. E. Imlay, Mrs. F. Routledge, Mrs. P. Morey, Mrs. L. Jarvis.

Serving at the tea tables were members of the Intermediate Choir and the junior Sunday School teachers. Booth Convenors were: General Convenor — Anne Wray Aprons — Connie McConnell Doll cloth — Jane Johnson Woollens — Joy Daniels Christmas Novelties — Jean Nicherson White Elephant — Clara Ross Home Baking

— Annette MacDonald Christmas Baking — Jean Harmer Children's Table

— Margaret Wecker Fish Pond — Irene MacDonald Stuffed Toys — Barbara Hutcheson Tea Room — Thora Wagn Parcel Post & Cook Books — Ruth Ashmore Hot Dogs & Pop

— Mr. Wray, Mr. Hughes, and Mr. Garnett Police — G. Hutcheson Tea Room Donations

— Gladys Sheppard Candy — Girl Guides

To all those who attended the Bazaar and to those who so kindly donated Home Baking, White Elephants, Sewing, etc., the W.A. extend a sincere "Thank you very much". A special thank you to Capt Ward who acted as our Treasurer for that day and also to Miss Joan Marriott for her help in typing notices etc. Business firms who were thanked for their contributions were "Safeway, Simpson Sears, Dominion Store, T. Eatons, The Yardstick, Silk-O-Lina, Hudson's Bay Co., Zellers, The Army & Navy Store, and Danish Bakery". We are all breathing a little easier now and already thinking about next year's Bazaar.

The Army's Financial Welfare Programme

(Continued from page 5) total strength of the Army. Nothing could be further from the truth! In fact, the "deadbeat" has a great deal of difficulty in qualifying for any type of help under this Programme, simply because his problems cannot be solved. If he were helped this week, he would be back in the same jackpot again in a very short order.

The real candidate for assistance under this Programme is the type we classify as the "tryer." These "tryers" make up a very high percentage of any given group of Canadians. Our figures indicate that out of every 30 wage earners today, there are six who can manage money successfully. There are another four who would have to be classed as "deadbeats" — and are thus incorrigible. The remaining 20 are in the "tryer" category. These are people who want to handle their finances properly — but who can very easily get into trouble in this battle for your buck, where the family is subject to irresistible advertising, high-pressure sales techniques, easy-payment plans and limitless borrowing facilities.

There is a saying in our business: "It can happen to anyone." I have been working in the financial welfare field fourteen years — and before that I worked in the sales and financing fields. I am convinced that it certainly can happen to anyone — No? Accordingly, the Army Financial Welfare Programme was designed to help — not the "deadbeat" — but the ordinary, everyday family who want a few of the good things of life for their children and themselves — but who, at some time or other, will find that they need assistance with their finances.

I was once asked to explain the Financial Welfare Programme in two words. As a matter of fact, I think it can be done! These are the words I used:

- (1) Prevention
- (2) Insurance

The "Prevention" part of the Financial Welfare Programme is represented by two types of help. The first of these is counselling, under which the administrators of the Army Programme have been attempting to provide basic information to soldiers and their dependents with regard to budgeting, credit buying, family financing and other aspects of domestic household management.

The second type of help under "prevention" is the Preventive Welfare Loan. This loan is available to soldiers for purchase of essential household or other needs.

The "insurance" factor comes into play when "prevention" has failed. Families buy insurance against sickness, fire, death and automobile accidents. When an

Army family becomes a "Financial casualty" there is another form of insurance available to them. This insurance is represented by two other components of the Welfare Programme, as explained below:

Emergency Loans — These are available to the soldier in an amount not exceeding \$150.00.

Army Benevolent Fund Grants — These are given in serious financial problems which require assistance by way of an outright grant, together with case work involving other agencies, creditors, etc.

Further details regarding counselling, loans and grants will be given in later articles in this series.

The policy for this programme is established by the Board of Directors of the Canadian Army Welfare Fund. This Board consists of Chief of the General Staff, the Quartermaster General, the Adjutant General and other senior officers at Army Headquarters. The Programme is administered by the Army Benevolent Fund Board on behalf of the Army.

The amount of money expended under the Canadian Army Financial Welfare Programme would seem to speak for itself. This Programme came into being on April 1st, 1953. There was available from the Canadian Army Welfare Fund at that time an allocation for loans for the entire Canadian Army of only \$16,500 per month.

In the eight and one-half years since the Programme has been in operation, it has been possible for the Directors of the Canadian Army Welfare Fund to increase this monthly allocation to something like \$90,000 per month — and present prospects indicate that further increases can be made available as time goes on.

The total amount loaned from April 1st, 1953, to August 31st, 1961, in both Emergency Loans, and in Preventive Welfare Loans (which started only in July, 1960) was \$4,002, 541. Of this total, the amount which was loaned through the Field Committee in Griesbach was \$158,255.10.

On the grant side, the Programme can draw from two sources. For World War II Veterans still in the Canadian Army, the money comes from the Second World War Army Benevolent Fund. For soldiers who had no Second World War service, the money comes from the Can-

adian Army Welfare Fund. The total amount granted in the eight and one-half years of operation is as follows:

From ABF World War II monies, \$560,336.00.

From CAWF monies, \$869,894.00. Of these totals, the amount expended on behalf of soldiers in Griesbach during the eight and one-half years period was:

From ABF World War II monies, \$20,944.00.

From CAWF monies, \$34,591.00.

It will be seen from the above figures that the funds for the Canadian Army Financial Welfare Programme come mostly from the Canadian Army Welfare Fund. The main source of revenue for the Canadian Army Welfare Fund is, of course, the Maple Leaf Services organization. Without the proceeds from MLS, the Welfare Programme would have to come to a halt overnight! When the Welfare Programme started in 1952, the canteen and other institutes were contributing 1½% of their gross profits to the Welfare Programme. This provided an average monthly income of \$14,000. When Maple Leaf Services came into being, they agreed to furnish contributions based on 1½% of gross sales. In July, 1960, in order to finance the Preventive Welfare Loan scheme, MLS agreed to increase their contributions to 2% of gross sales. The average monthly contribution from MLS

and Institutes to the Welfare Programme now is approximately \$28,000. In other words, because of MLS we now have twice as much money available for the Welfare Programme than we did under the former system.

The contribution which the MLS makes to the Welfare Programme is in addition to the dividend MLS pays direct to units. This dividend

amounted to \$80,000 in the 1960-61 fiscal year, and was available for expenditure by units for gen- (Continued on page 16)

**Appointed
Vice Q.M.G.**

OTTAWA. — Brigadier J. B. Allan, CD, of Lancaster, N.B., has been appointed Vice Quartermaster General for the Canadian Army, headquarters announced today.

Brig. Allan recently returned from the Far East where he held the appointment of Senior Military Advisor to the Canadian Delegation in Indo-China.

2 PPCLI to Participate in U.S. Exercise

About 150 members of the 2nd Battalion, Princess Patricia's Canadian Light Infantry stationed in Edmonton, will participate in a United States Army exercise in Alaska next February, Army Headquarters announced recently.

The winter manoeuvres will mark the first time in 12 years that Canadian and U.S. Troops have trained together in Alaska.

Taking part will be airborne infantry troops of "A" Company, PPCLI who will join the U. S. Strategic Army Corps troops of the American Army to fight a hypothetical enemy in south central Alaska. The exercise called "Great Bear" takes place in one of the coldest areas of North America.

The Canadian soldiers will fly to Tannacross, Alaska, for a two-week training stint before the big exercise involving about 8,000 U.S. troops begins.

Already the Patricias, commanded by Major A. H. Constant, have begun to train and equip for the exercise which will involve at least one parachute drop.

The "enemy" on the exercise will be the Alaska Army Command's First Battle Group, Ninth Infantry, stationed near Fairbanks.

Morale means sharing goals in common. It leads people to plan how to reach those goals, and stimulates the aggressive and efficient team action that makes goals become realities.

13 Company R.C.A.S.C.

NCOs and men of 13 Company RCASC were well turned out for the Armistice Day Parade and Memorial Service held at St. John's and Our Lady of Fatima Chapels, Griesbach 2 Lt. R. T. Baxter was Parade Commander, assisted by 2 Lt. J. N. Stuart as 2 IC.

Canada Savings Bonds, 1961 issue, have been well received by both Service and Civilian personnel of 13 Company RCASC.

The Welcome Mat is out for Lt. Doug Hardy and L/Cpl. Milot. Lt. Hardy has arrived from the Middle East and will assume the duties of Transport Officer. L/Cpl. Milot, from 4 Coy RCASC, Montreal, will take over the duties of GOC driver.

As usual the fall season presents a rash of courses, this year being no exception. Courses completed: L/Cpl. Paterson — Basic Air Supply; Ptes. Funk, Lipsett, Donaldson — Tpt Op Gp 2; Pte. Simmons — Jr NCO Course. Our congratulations to all. The following are proceeding on course shortly: Sgt. Taylor — Fire Prevention Course; Sgt. Newby — Safety Controller Course; Cpl Thibault — Tpt Op Gp 3; Cpl. Morell — Basic Air Supply.

L/Cpl. Arnold is presently convalescing in Col. Mewburn Hospital. We wish him a speedy recovery! We understand that the operation on his leg was so good they removed his appendix for an encore. We are glad to see L/Sgt. McGuire out of hospital also.

Ptes. Marshall and Rushton departed recently to wine and dine the Frauleins in Germany.

The Transport Section held a Hallowe'en Party on 27 October. By the appearance of all on the 28th, the party was a great success.

Several members of the Company have taken to curling. Besides taking off extra pounds, we may be developing a few Matt Baldwins?

Cigars were the order of the day recently by Cpl MacLean when Mrs. MacLean presented him with a new daughter "Leslie Rayne". Congratulations Folks.

A request has gone forward to 13 Works Coy for road signs to show Sgt C_____ the way home "apres la balle".

TEST WARNING SYSTEM

OTTAWA.—The Canadian Army which has among other National Survival roles, the responsibility of alerting the public of the likelihood or imminence attack, determining the locations of nuclear explosions, and the patterns of fallout, operation of emergency communications, and re-entry operations into seriously damaged and heavy fallout areas moved into action when exercise Toscan B-1961 took place on the 13 and 14 November.

This exercise was designed to practice emergency measures that are considered necessary to ensure the continuity of all levels of Government. The test measured our present capabilities to meet a national disaster and exposed any weakness that may exist in current planning.

A number of Command and Area HQ's across the country, were dispersed to alternative control centres where the necessary survival procedure were conducted. As troops were not actually employed in this exercise, military re-entry plans were conducted theoretically.

Procedures for passing information to the public concerning the likelihood and imminence of an attack and fallout warning were also tested. However actual broadcasting of this information to the public was not done. Warning of the public was by sirens.

Reporting simulated nuclear detonations and plotting fallout patterns was carried out. Damage and casualty assessment procedures were practiced to provide other government departments and agencies for their operations.

12524 — 118th AVENUE

FOR A SPARKLING OCCASION

You'll have a grand display of fireworks if you gather up all the candlesticks you have in the house whatever the shape or size. Fill all together on a chest or buffet. Buy small flat candles in interesting shapes. Float them in water in a pretty bowl for an unusual centerpiece. Dress up your houseplants with red paper around the pot, red bows on the leaves.

MAKE A HOUSE OF CARDS

Use your Christmas cards as part of your decorations. Hang them on the tree or greens with red wire or tape, pin to a length of wide red ribbon and use to outline a window or arch way, set them along the edges of the bookshelves, window sills or along the mantel. Most of us like to look at other people's cards and an attractive display makes a good party conversation piece.

Notice of Council Meeting

A meeting of the Griesbach Council will be held on **WEDNESDAY, DECEMBER 13th — 7:15 P.M.** in the Conference Room, HQ WC Building.

Although a detailed agenda cannot be given at this time, the meeting will include a discussion of the financial statement and reports from Committee Chairman.

Chief of Staff To Tour Command

EDMONTON, Alta. — The new Chief of Staff of the Canadian Army, Lieutenant-General Geoffrey Walsh will tour Western Command in early December to inspect the first national survival course now going on at various centers in the four Western provinces. He will be accompanied by Major General J. M. Rockingham, General Officer Commanding Western Command who recently replaced General Walsh at the Edmonton headquarters.

The visiting group will travel either by RCAF Cosmopolitan aircraft or by Dakota, depending on the size of the airfields or places to be visited.

Itinerary is as follows: Dec. 3 — Winnipeg; Dec. 4 — Brandon, Estevan and Regina; Dec. 5 — Saskatoon, Prince Albert and Edmonton; Dec. 6 — Calgary, Lethbridge, Penticton, Kamloops, Prince George; Dec. 7 — Prince Rupert, Victoria; Dec. 8 — Vancouver, New Westminster.

During the tour it is expected that the commander of the various militia groups will accompany the inspecting party.

ARMY FINANCE WELFARE PROGRAMME

(Continued from page 13)

eral welfare and recreational purposes.

It should be mentioned in this article that MLS makes still a third contribution which is available for Army personnel. I am referring to the payment to the ARMY CENTRAL FUND. This payment amounted to \$100,000 for the 1960-61 fiscal year, from which ARMY CENTRAL FUND authorized grants for expenditure for recreational facilities and other amenities for the Army which cannot be furnished at public expense.

Full details of the MLS contributions by means of the dividend to units and the grant to the Central Fund have been published elsewhere. Reference is made to them in this article so as to ensure that Army personnel and their dependents are made aware of the fact that MLS supports, not only the Financial Welfare Programme, but has also made generous contributions to units and to the Army Central Fund for expenditure on recreational needs.

In further articles in this series, information will be provided in regard to:

Emergency Loans.
Preventive Welfare Loans.
Army Benevolent Fund Grants.
Administration of the Program.
Financial Counselling Information.

DO-IT-YOURSELF WITH COLOUR

Half the fun of Christmas is making use of the decorations yourself. Create a festive tablecloth by dyeing an old sheet bright red. Dye a small piece of fabric green, cut in Christmas Tree shapes and applique to cloth. Or, make tree designs with green rickrack tape. The same combination would make a gay apron for holiday entertaining or as a gift for a neighbor or a little girl on your list.

BE LAVISH WITH FRAGRANT GREENS

It's wonderful what you can do with evergreens. For a mantel or table, fill your most handsome container, add small ornaments fastened over the ends of twigs. For a festive table, put wreath of greens around plates of cookies or cake. Fasten colored candies to wreath to look like clusters of berries. Tuck greens around pictures, frame a window or doorway, decorate a staircase.
